Plastic Injection Molding Machine Capacity

Machine Tonnage	Suggested Description	Suitable Product Range
80T	Small-size injection molding machine	Small plastic components, clips, caps, precision parts
100T	Small-to-medium injection molding machine	Plastic fittings, small housings, light-duty components
150T	Medium-size injection molding machine	Automotive plastic parts, wheelchair accessories, OEM/ODM components
200T	Medium-to-large injection molding machine	Industrial parts, automotive interior/exterior plastic parts
250T	Large-size injection molding machine	Larger structural parts, vehicle-related plastic parts, equipment housings
300T	Large-size injection molding machine	Larger plastic housings, thick-wall components
350T	Large-size injection molding machine	Large structural plastic parts, industrial components
400T	Large-size injection molding machine	Large plastic parts, heavy-duty industrial plastic components
